## INDEPENDENT AUDITOR'S REPORT

April 27, 2012

The Honorable Mayor and  
Members of the Borough Council  
Borough of Lincoln Park  
Lincoln Park, New Jersey 07035

We have audited the accompanying balance sheets-regulatory basis of the various funds and account group of the Borough of Lincoln Park in the County of Morris, as of and for the years ended December 31, 2011 and 2010, and the related statements of operations and changes in fund balance-regulatory basis for the years then ended, and the related statement of revenues-regulatory basis and statement of expenditures-regulatory basis of the various funds for the year ended December 31, 2011. These financial statements are the responsibility of the Borough of Lincoln Park's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed below, we conducted our audits in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Honorable Mayor and  
Members of the Borough Council  
Page 2.

The Length of Service Awards Program of the Borough of Lincoln Park has not been audited, and we were not engaged to audit The Length of Service Awards Program financial statements as part of our audit of the Borough's financial statements.

As described in Note 1, these financial statements were prepared in conformity with the accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which practices differ from accounting principles generally accepted in the United States of America. The affect on the financial statements of the variances between the prescribed basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the Borough of Lincoln Park's policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough of Lincoln Park, as of December 31, 2011 and 2010 or the results of its operations for the years then ended.

However, in our opinion, the financial statements referred to above, with the exception of the Length of Services Awards Program and the effect described in the preceding paragraph, present fairly, in all material respects, the financial position-regulatory basis of the various funds and account group of the Borough of Lincoln Park at December 31, 2011 and 2010, and the results of its operations and the changes in fund balance-regulatory basis of such funds for the years then ended and the statement of revenues-regulatory basis, and statement of expenditures-regulatory basis for the year ended December 31, 2011, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued a report dated April 27, 2012, on our consideration of the Borough of Lincoln Park's, New Jersey internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Honorable Mayor and  
Members of the Borough Council  
Page 3.

Our audit was for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplementary information and Schedules of Expenditures of State and Federal Awards listed in the table of contents are not required parts of the financial statements, but are presented as additional analytical data, as required by the Division of Local Government Services, and by OMB Circular A-133, Audits of States, Local Governments, and Non Profit Organizations and New Jersey OMB Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. This information has been subjected to the tests and other auditing procedures applied in the audit of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED DECEMBER 31, 2011 AND 2010**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The financial statements of the Borough of Lincoln Park have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

A. Reporting Entity

The Borough of Lincoln Park (the "Borough") operates under a Mayor/Council form of government. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB has issued Statement No. 14 which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the Free Public Library, Volunteer Fire Department and the First Aid Squad which are considered component units under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**B. Measurement Focus, Basis of Accounting and Basis of Presentation**

The Borough uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those Funds.

The Borough has the following funds and account groups:

Current Fund - This fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grants.

Trust Funds - Trust Funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individual, private organizations, or other governments are recorded in the Trust Funds.

Other Trust Fund - This fund is established to account for the assets and resources which are also held by the Borough as a trustee or agent for individuals, private organizations, other governments and/or other funds.

Animal Control Fund - This fund is used to account for fees collected from dog licenses and expenditures which are regulated by NJS 4:19-15.11.

Emergency Services Volunteer Length of Service Award Program - This fund is used to account for the cumulative amount of each participant's length of service awards, including any income, gains, losses or increases or decreases in market value attributable to the investment of the participant's length of service awards.

General Capital Fund - This fund is used to account for the receipt and disbursement of funds used for acquisition or improvement of general capital facilities, other than those acquired in the Current Fund.

Water Operating and Water Capital Funds - Account for the operations and acquisition of capital facilities of the municipality-owned water utility.

Public Assistance Fund - This fund is used to account for the receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey Statutes. Effective January 1, 2001, the Borough transferred administration of the General Assistance Program to the Morris County Board of Social Services. The funds remaining in the Public Assistance Fund are to be used to assist certain residents who do not qualify for the general assistance program.

B. Measurement Focus, Basis of Accounting and Basis of Presentation, (continued)

General Fixed Asset Account Group - To account for all fixed assets of the Borough. The Borough's infrastructure is not reported in the group.

**Basis of Accounting**

A modified accrual basis of accounting is followed by the Borough of Lincoln Park. Under this method of accounting revenues, except State/Federal Aid, are recognized when received and expenditures are recorded, when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

Property Tax Revenues - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall subject to the provisions of the New Jersey Statutes enforce the lien by placing the property on a tax sale. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

**YEARS ENDED DECEMBER 31, 2011 AND 2010**  
**(continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**Basis of Accounting, (continued)**

Miscellaneous Revenues - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund and Water Operating Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Grant Revenues - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the current fund and water operating fund. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services per N.J.S.A. 40A:4 et seq.

The Borough is not required to adopt budgets for the following funds:

- General Capital Fund
- Trust Fund
- Public Assistance Fund
- Water Capital Fund

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality. During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level. Several budget transfers were approved by the Governing Body. During 2011, the Borough Council increased the original budget by \$625,859.93. This increase was funded by additional aid allotted the Borough in the amount of \$225,859.93 and a Special Emergency appropriation for flood costs in the amount of \$400,000.00.

**YEARS ENDED DECEMBER 31, 2011 AND 2010**  
**(continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**Basis of Accounting, (continued)**

Expenditures - Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

**YEARS ENDED DECEMBER 31, 2011 AND 2010**  
**(continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**Basis of Accounting, (continued)**

Cash and Investments - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within one year of the date acquired by the government. Investments are stated at cost and are limited by N.J.S.A. 40A:5-15.1(a).

Deferred Charges to Future Taxation Funded and Unfunded - Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or nonfunding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

General Fixed Assets - The Borough of Lincoln Park has developed a fixed assets accounting and reporting system, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available.

**BOROUGH OF LINCOLN PARK, N.J.**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED DECEMBER 31, 2011 AND 2010**  
**(continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**Basis of Accounting, (continued)**

Use of Estimates - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Comparative Data - Comparative data for the prior year have been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data has not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

C. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

**NOTE 2. CASH, CASH EQUIVALENTS AND INVESTMENTS**

**Cash**

**Custodial Credit Risk - Deposits**

Custodian credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2011, \$-0- of the Borough's bank balance of \$9,445,280.98 was exposed to custodial credit risk.

**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED DECEMBER 31, 2011 AND 2010**  
**(continued)**

**NOTE 2. CASH, CASH EQUIVALENTS AND INVESTMENTS, (continued)**

**Investments**

**Investment Rate Risk**

The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A:5-15.1(a) limit the length of time for most investments to 397 days.

**Credit Risk**

New Jersey Statutes 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowance investments are: Bonds of the United States of America, bonds or other obligations of the towns or, bonds or other obligations of the local unit or units within which the town is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

**Concentration of Credit Risk**

The Borough places no limit on the amount the Borough may invest in any one issuer.

**Unaudited Investments**

As more fully described in Note 14, the Borough has created a Length of Service Award Program (LOSAP) for emergency service volunteers. The LOSAP investments are similar to those allowed in a deferred compensation program as specified in NJSA 43:15B-1 et. seq. except that all investments are retained in the name of the Borough. All investments are valued at fair value. In accordance with NJAC 5:30-14.37, the investments are maintained by Lincoln Financial Group, which is an authorized provider approved by the Division of Local Government Services. The balance in the account on December 31, 2011 and 2010 amounted to \$812,635.41 and \$725,190.45, respectively.

The following investments represent 5% or more of the total invested with Lincoln Financial Group on December 31, 2011 and 2010:

The Local Bond Law governs the issuance of bonds and notes to finance capital expenditures. General obligation bonds have been issued for the general capital fund. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years and five months or retired by the issuance of bonds.

The Borough's debt is summarized as follows:

**NOTE 4. BOND ANTICIPATION NOTES**

The Borough issues bond anticipation notes to temporarily fund various capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. Generally, such notes must be paid no later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of an amount at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid or retired. A second and third legal installment must be paid if the notes are to be renewed beyond the fourth and fifth anniversary date of the original issuance.

On December 31, 2011, the Borough had no outstanding general capital bond anticipation notes and \$674,800.00 in outstanding water capital bond anticipation notes, maturing on November 2, 2012 at an interest rate of 1.11%.

The following activity related to bond anticipation notes occurred during the calendar year ended December 31, 2011.

Description of Systems:

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Police and Firemens' Retirement System (PFRS) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Public Employees' Retirement System and the Police and Firemens' Retirement System (PFRS) are considered a cost sharing multiple-employer plans. According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the systems terminate.

*Public Employees' Retirement System (PERS)*

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to certain qualified members. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system. Vesting occurs after 8-10 years of service and 25 years for health care coverage. Members are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on contributions. In case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hired on or after July 1, 2007 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55.

Chapter 89, P.L. 2008 increased the PERS eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 1, 2008; increased the minimum annual compensation required for membership eligibility for new members. Also, it amended the early retirement reduction formula for members hired on or after November 1, 2008 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 62, plus 3% for every year under age 55.

Description of Systems, (continued)

*Public Employees' Retirement System (PERS), (continued)*

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of PERS from the amount of compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60 from 1/55, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 78, P.L. 2011, provides that new members of PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of  $\frac{1}{4}$  of 1% for each month that the member is under age 65. Tier 5 members will be eligible for a service retirement benefit at age 65.

*Police and Firemens' Retirement System (PFRS)*

The Police and Firemens' Retirement System was established in July 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits to its members. Membership is mandatory for all full time county and municipal police and firemen, and state firemen or officer employees with police powers appointed after June 30, 1944.

Enrolled members of the Police and Firemens' Retirement System may retire at age 55 with no minimum service requirement. The annual allowance is equal to 2% of the members' final compensation for each year of service up to 30 years, plus 1% of each year of creditable service over 30 years. Final compensation equals the compensation for the final year of service prior to retirement. Special retirement is permitted to members who have 25 or more years of creditable service in the system. Benefits fully vest on reaching 10 years of service. Members are always fully vested for their own contributions. In the case of death before retirement, members' beneficiaries are entitled to full payment of members' contributions.

*Police and Firemens' Retirement System (PFRS), (continued)*

Chapter 1, P.L. 2010, effective May 21, 2010, eliminated the provision in PFRS that would permit a member to retire, at any age after 25 years of service credit, on a special retirement allowance of 70% of final compensation after the retirement system reaches a funded level of 104%. Also, for new members of PFRS, the law capped the maximum compensation that can be used to calculate a pension from the plan at the annual wage contribution base for Social Security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information for PERS and PFRS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Divisions of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS. This amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning 2012 and 8.5% for PFRS, which increased to 10% in October 2011, of the employee's annual compensation, as defined by law. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS. In the PERS and PFRS, the employer contribution includes funding for post-retirement medical premiums.

The Borough's contribution to the various plans, equal to the required contributions for each year, were as follows:

<u>Year Ended</u> <u>December 31,</u>	<u>PERS</u>	<u>PFRS</u>
2011	\$323,900.00	\$766,357.00

**Defined Contribution Retirement Program**

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waive participation in the DCRP for that office or position. The waiver is irrevocable.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee, employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment option provided by the employer.

The law requires that three classes of employees enroll in the DCRP detailed as follows:

All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the PERS.

A Governor appointee with advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.

Other employees commencing service after July 1, 2007, pursuant to an appointment by an elected official or elected governing body which include the statutory untenured Chief Administrative Officer such as the Business Administrator, County Administrator, or Municipal or County Manager, Department Heads, Legal Counsel, Municipal or County Engineer, Municipal Prosecutor and the Municipal Court Judge.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

Contributions made by employees for DCRP are currently at 5.5% of the base wages. Member contributions are matched by a 3.0% employer contribution.

**NOTE 8. OTHER POST EMPLOYMENT BENEFITS**

In addition to the pension benefits described in Note 7, the Borough provides post employment health care benefits in accordance with the provisions of Ch. 88, P.L. 1974 as amended by Chapter 436, P.L. 1981, at its cost, to all Borough retirees who (1) have retired on disability pension, and (2) employees who have retired after twenty-five (25) years or more of service in a State or locally administered retirement system.

Health insurance, dental coverage, prescription coverage, and reimbursement of Federal Part B medicare premiums are provided for retirees and their dependents.

The Borough funds these benefits on a pay-as-you-go basis and therefore does not record accrued expenses related to these benefits. During 2011, there were twenty-seven (27) retired employees who received this benefit at a cost of \$558,528.00.

**Annual OPEB Cost**

For 2011, the Borough's annual OPEB cost (expense) of \$2,492,800.00 (based on actuarial valuation as of January 1, 2008) was equal to the ARC (Annual Required Contribution). The Borough's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2011, 2010 and 2009 are as follows:

<u>Year</u>	<u>Actual OPEB Payments</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>

**Funding Status and Funding Progress, (continued)**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include economic assumptions; benefit assumptions and demographic assumptions. Economic assumptions include the discount rate and health care cost trend rates. Benefit assumptions encompass the initial per capita costs rates for medical coverage, and the face amount of employer-paid life insurance. Finally, demographic assumptions include probabilities concerning retirement, mortality, termination without receiving benefits; disability; recovery from disability; participation rates and coverage levels. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The actuarial valuation as of January 1, 2011 was not available at the time of this audit report. If there are material differences in the January 1, 2011 report from the actuary, we will make note in a separate report.

**NOTE 15. RISK MANAGEMENT**

The Borough is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough has obtained insurance coverage to guard against these events which will provide minimum exposure to the Borough should they occur. During the 2011 calendar year, the Borough did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

The Borough of Lincoln Park is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Borough of Lincoln Park is a member of the Morris County Municipal Joint Insurance Fund and Municipal Excess Liability Joint Insurance Fund. These funds are both an insured and self-administered group of municipalities established for the purpose of providing certain low-cost insurance coverage for member municipalities in order to keep local property taxes at a minimum.

The following coverages are offered by these funds to its members:

- a. Workers' Compensation and Employer's Liability
- b. Liability Other Than Motor Vehicles
- c. Property Damage Other Than Motor Vehicles
- d. Motor Vehicle

The Municipal Excess Liability Joint Insurance Fund also offers Public Officials' Liability Coverage.

Members of the Morris County Municipal Joint Insurance Fund are also members of the Municipal Excess Liability Joint Insurance Fund which provides excess insurance for each of the coverages noted above, except for excess property coverage which is purchased by the Morris County Municipal Joint Insurance Fund from a commercial carrier.

As a member of these Funds, the Borough could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

These Funds can declare and distribute dividends to members upon approval of the State of New Jersey Department of Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with Statement No. 10 of the Government Accounting Standards Board, these distributions are used to reduce the amount recorded for membership expense in the year in which the distribution was declared.

**NOTE 16. EMERGENCY SERVICES VOLUNTEER LENGTH OF SERVICE AWARD PLAN (LOSAP)**

On October 15, 2001, the Division of Local Government Services approved the Borough's LOSAP plan, provided by the Lincoln National Life Insurance Company (Lincoln National). The purpose of this plan is to enhance the Borough's ability to retain and recruit volunteer firefighters and volunteer members of emergency service squads.

Lincoln National will provide for the benefit of participants, a multi-fund variable annuity contract as its funding vehicle. The plan shall have minimum and maximum contribution requirements as follows: the minimum contribution for each participating active volunteer member shall be \$100 per year of active emergency service the maximum contribution for each active volunteer member shall be one Borough tax point per year of active emergency service, subject to periodic increases as permitted. The Borough's contribution shall be included in the current year's budget.

All amounts awarded under a length of service award plan shall remain the asset of the sponsoring agency; the obligation of the sponsoring agency to participating volunteers shall be contractual only; and no preferred or special interest in the awards made shall accrue to such participants. Such money shall be subject to the claims of the sponsoring agency's general creditors until distributed to any or all participants.

We have reviewed the plan for the year ended December 31, 2011, in accordance with the American Institute of Certified Public Accounts (AICPA) Statement on Standards for Accounting and Review Services.

**NOTE 17. COMMITMENTS AND CONTINGENT LIABILITIES**

During the normal course of operations, lawsuits are occasionally brought against the governmental unit. There are presently no outstanding lawsuits that would result in a material contingent liability to the Borough.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and  
Members of the Borough Council  
Borough of Lincoln Park  
County of Morris, New Jersey

We have audited the financial statements-regulatory basis of the Borough of Lincoln Park in the County of Morris as of and for the year ended December 31, 2011, and have issued our report thereon dated April 27, 2012. Our report disclosed that, as described in Note 1 to the financial statements-regulatory basis, the Borough of Lincoln Park prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough of Lincoln Park's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements-regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Lincoln Park's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Lincoln Park's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Lincoln Park's financial statements-regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain immaterial instances of noncompliance that we have reported to the management of the Borough of Lincoln Park in the accompanying comments and recommendations section of this report.

This report is intended solely for the information of management, The Division of Local Government Services, Department of Community Affairs, State of New Jersey, Federal Awarding Agencies and Pass Through Entities and is not intended to be and should not be used by anyone other than these specified parties.

## REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND N.J. OMB CIRCULAR 04-04 AS AMENDED

Honorable Mayor and  
Members of the Borough Council  
Borough of Lincoln Park  
County of Morris, New Jersey

### Compliance

We have audited the compliance of the Borough of Lincoln Park in the County of Morris with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the New Jersey State Office of Management and Budget's State Aid/Grant Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2011. The Borough of Lincoln Park's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Borough of Lincoln Park's management. Our responsibility is to express an opinion on the Borough of Lincoln Park's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations"; and the provisions of the New Jersey State Treasury Circular Letter 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Those standards and OMB Circular A-133 and N.J. OMB Circular 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Borough of Lincoln Park's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Borough of Lincoln Park's compliance with those requirements.

Honorable Mayor and  
Members of the Borough Council  
Page 2.

In our opinion, the Borough of Lincoln Park complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2011.

Internal Control Over Compliance

The management of the Borough of Lincoln Park is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Borough of Lincoln Park's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough of Lincoln Park's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information of the management, the Division of Local Government Services, Department of Community Affairs, State of New Jersey, Federal Awarding Agencies and Pass Through Entities and is not intended to be and should not be used by anyone other than the specified parties.

NOTES TO THE SCHEDULES OF EXPENDITURES  
OF FEDERAL AND STATE AWARDS  
FOR THE YEAR ENDED DECEMBER 31, 2011**

**NOTE 1. GENERAL**

The accompanying schedules of expenditures of awards present the activity of all federal and state financial assistance programs of the Borough of Lincoln Park. The Borough is defined in Note 1A to the Borough's financial statements. All federal and state financial assistance received directly from federal and state financial assistance passed through other government agencies is included on the schedules of expenditures of federal and state awards.

**NOTE 2. BASIS OF ACCOUNTING**

The accompanying schedules of expenditures of awards are presented using the modified accrual basis of accounting as prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey which differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. This basis of accounting is described in Notes 1(B) to the Borough's financial statements.

**NOTE 3. RELATIONSHIP TO FINANCIAL STATEMENTS**

Amounts reported in the accompanying schedules agree with amounts reported in the Borough's financial statements. Financial assistance awards are reported in the Borough's financial statements on a basis of accounting described above as follows:

## GENERAL COMMENTS

### Contracts and Agreements

N.J.S.A. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law."

Effective July 1, 2005 and thereafter the bid thresholds in accordance with N.J.S.A. 40A:11-3 (as amended) is \$21,000.00 and \$29,000.00 with a qualified purchasing agent. On July 1, 2010, the bid threshold was increased to \$29,000.00 and \$36,000.00 with a qualified purchasing agent..

N.J.S.A. 40A:11-2 contains definitions for terms used throughout N.J.S.A. 40A:11-1 et seq. and was amended under P.L. 1999, c.440. It includes as subsection (23) the term 'competitive contracting', which is defined as "the method described in sections 1 through 5 of P.L. 1999, c.440 (C.40:11-4.1 through C.40A:11-4.5) of contracting for specialized goods and services in which formal proposals are solicited from vendors' formal proposals are evaluated by the purchasing agent or counsel; and the governing body awards a contract to a vendor or vendors from among the formal proposals received."

N.J.S.A. 40A:11-3 was amended with P.L. 1999, c.440 to raise the bid threshold and require award by governing body resolution. "When the cost or price of any contract awarded by the purchasing agent in the aggregate does not exceed in a contract year the total sum of \$29,000.00 or \$36,000.00 after July 1, 2010, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids and bidding therefore, except that the governing body may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations."

N.J.S.A. 40A:11-15 was amended with P.L. 1999, c.440 to extend the base contract period. "Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection (a) of N.J.S.A. 40A:11-5 may be awarded for a period not exceeding 12 consecutive months."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$36,000.00 within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Cleaning Services  
Rear Loading Refuse Collection Truck  
Ground Care

Resolutions were adopted authorizing the awarding of contracts and agreements for "Professional Services" N.J.S. 40A:11-5.

**GENERAL COMMENTS, (continued)**

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any material or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violation existed. No violations were disclosed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

**Collection of Interest on Delinquent Taxes, Assessments and Water Charges**

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes, assessments, or water charges on or before the date when they would become delinquent.

The governing body on January 2, 2011 adopted the following resolution authorizing interest to be charged on delinquent taxes, assessments and water charges:

RESOLVED, that interest will be charged at the rate of eight percent (8%) per annum on the first \$1,500.00 of all delinquent taxes, assessments and Borough charges and eighteen percent (18%) of any amounts over \$1,500.00 delinquency, except that no interest will be charged on taxes for the current quarter if the said taxes are paid within the tenth calendar day following the date upon which the same became payable; and

BE IT FURTHER RESOLVED that the interest rates shall revert to the percentages as aforesaid from the first day of any current quarter unless taxes for the same quarter are paid during the first ten days of such quarter.

BE IT FURTHER RESOLVED that a certified copy of this resolution be transmitted to the Collector of Taxes forthwith.

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

**Delinquent Taxes and Tax Title Liens**

The last tax sale was held on June 29, 2011 and was complete.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2011	9
2010	7
2009	7

## **VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES**

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices. In addition, we used analytical review procedures to satisfy the validity of the receivables.

The result of the test, which was made as of December 31, 2011, is not yet known but, a separate report will be rendered if any irregularities develop.

The foreclosed property list should be reviewed for a possible sale of property so such properties can be added to the tax rolls.

## **SCHOOL TAXES PAYABLE**

The amount due to the local school district, as of December 31, 2011, was verified by the school secretary.

## **REVENUE**

Receipts from licenses, fees, permits, etc., for all departments, including the Municipal Court, were checked to the extent deemed appropriate to the records maintained.

## **EXPENDITURES**

In connection with the expenditures, vouchers were examined to the extent deemed necessary to determine that the vouchers carried properly executed certifications as required by statute.

Reimbursements for Fire Department convention expenses were not supported by backing invoices.

An examination was made of the employees' compensation records to determine that salaries were paid in conformity with amounts of salaries and wages authorized in the ordinance.

## **OTHER**

There are numerous old escrow balances that are inactive and should be returned or canceled.

## **RECOMMENDATIONS**

- \*1. That backing invoices support the reimbursement for Fire Department convention expenses.
2. That old escrow balances be returned or canceled.

**STATUS OF PRIOR YEAR AUDIT FINDINGS/RECOMMENDATIONS**

A review was performed on all prior year recommendations and corrective action was taken on all items, except those marked with an “\*”.

The problems and weaknesses noted in our audit were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to our comments or recommendations, or should you desire assistance in implementing our recommendations, please do not hesitate to call me.

Very truly yours,
