

Please be sure to take a L👁👁k !!!

The Borough of Lincoln Park, as of June 2015 has developed a garden with the help of our local farmer Tom Cottrell. It is located by the town train station along the side of the via duct. The garden is filled with a variety of beautiful flowers and fresh vegetables. The vegetables are picked and donated to the Lincoln Park Food Pantry. Last year the garden was able to contribute 150 squash! This year, the garden also has cucumbers, zucchini, and tomatoes which will be donated to our food pantry.
